

Matt Gregory (Transport) Ltd

Corner Farm, Lawshall Road, Cockfield,
Bury St Edmunds, Suffolk. IP30 0JP

RISK ASSESSMENT

ACTIVITY	RISKS IDENTIFIED	RISK LEVEL	ACTION TO BE TAKEN	RESIDUAL RISK
Personnel arrive on site	Unaware of site regulations and conditions	Med	Report to client, whose responsibility it shall be to make MGT personnel aware of site regulations including site inductions, any site restrictions, hazards from local services, etc. Operator to familiarise himself with all proximity hazards (i.e. electrical cables, underground services, ensure good ground conditions.)	Low
Wearing of personnel protective equipment	Injury to personnel if not worn	High	All personnel to wear all necessary PPE including safety hat, protective footwear, high viz, and fall restraint system. Plus any additional equipment to be worn if site conditions determines eg. eye protection, ear defenders etc. Client to advise.	Low
Operating of crane	Operator not being conversant with machine could result in dangerous occurrence	Med	All operators employed by MGT hold appropriate licenses in addition to specific training. No other persons shall interfere with MGT equipment.	Low

Use of lifting equipment	Defective equipment could be used resulting in injury or damage to equipment being suddenly lightened.	High	Operator to ensure that all lifting equipment to be used is certified and covered by current inspection schedules and that a visual inspection is carried out before and after use.	Low
Setting crane on outriggers	Crane not level, insufficient packing under outriggers resulting in excess ground pressure loading, outrigger not extended to safe length.	High	Ensure outrigger pads are used. Outriggers to be fully extended and stabilised.	Low
Attaching the correct lifting tackle required for the duty	Muscular strain, trapped fingers, cut and abrasions, broken bones	High	Lifting tackle, as required, to be removed from storage location and fitted appropriately.	Low
Attaching slings, etc.	Falls from ladder	Med	Ladder to be used with anti-slip device and/or footed by second individual. Fall restraint system to be used.	Low
Trespass into workspace of personnel	Risk of injury	Med	Client shall be responsible to ensure any personnel not directly involved in the lift are excluded. MGT operator shall have ultimate say in responsibilities.	Low
Weather conditions unsuitable	Unsafe to proceed safely with required lift	Med-High	MGT operator shall have ultimate say in operations. We reserve the right to cancel the lift with our Hiab should this be deemed unsuitable and it shall be the clients responsibility to provide alternative means of off loading. <i>Lifting operations must stop during storms, or when there is a risk of lightning strikes.</i>	Low

Ground conditions unsuitable	Unsafe to proceed safely with required lift	Med-High	MGT operator shall have ultimate say in operations. We reserve the right to cancel the lift with our Hiab should this be deemed unsuitable and it shall be the clients responsibility to provide alternative means of off loading.	Low
------------------------------	---	----------	--	-----

Please be aware that the operator is not permitted to lift any other equipment outside of that being delivered without express permission from Matt Gregory (Transport) Ltd. Please do not ask the crane to be used for other duties, as this will not be covered under our insurance.

Under no circumstances shall the crane be moved if not under the control of the Matt Gregory (Transport) Ltd operator.
